Category	Shears - Plate	
Manufacturer	Wysong	
Model	1072	
Serial Number	P4-384	
Year	1970s	
Control	PC100 Wysong CNC Gauging System	
Rake of Upper Blade	0.375 in	9.53 mm
Cutting Length	72.00 in	1828.80 mm
Squaring Arm	96.00 in	2438.40 mm
Back Gauge Motor Power	0.33 hp	0.25 kW
Drive motor Power	3.00 hp	2.24 kW
Gap	1.00 in	25.40 mm
Capacity (Mild Steel)	10 gauge	
Capacity (Stainless Steel)	12 gauge	
Strokes Per Minute	60	
Number of Holddowns	12	
Holddown Type	Spring-actuated self-compensating automatic	
Back Gauge	Manual, front operated, 36" capacity	
Clutch Type	Air actuated mechanical clutch with remote electric foot pedal control	
Power	3 Phase, 60 Hz, 208/230/460 Volts, 30 Amps (Currently wired for 230 volt operation)	
Additional	Two front support arms, one pair four-edged knives, two extra sets of shear blades, full length t-slot across front of bed and two t-slots from front to rear of bed, dual sets of inlaid scales on table surface, light beam shearing gauge, finger guard, Bijur one-shot lubrication	

Weight 7000.00 lbs 3175.14 kg

Condition Good
